Budi car charger, 2x USB, 36W, QC 3.0 (black)

The car charger is a practical accessory that should be included in every car's equipment! It offers fast charging with up to 36W of power, and supports Quick Charge 3.0/2.0 standards, so it only takes a few moments for your smartphone to be ready for use again. The charger is also equipped with two USB-A ports, so you can renew the power of several devices at once. A built-in orange LED indicator will let you know the status of the charger.
