USB to USB-C cable, Mcdodo CA-2271, 1.0m (black)

USB to USB-C cable, Mcdodo CA-2271 1.0m (black)

Looking for a durable cable that will allow you to charge your smartphone or tablet in no time? The Mcdodo CA-2271 cable will be an excellent choice! It offers fast charging at 3A and supports multiple fast charging standards. It also allows you to transfer files at 480 Mbps. Thanks to the use of high-quality materials, it is sure to serve you for a long time.

Instant charging

Tired of waiting for a long time for your phone to be ready to work? With the Mcdodo cable, you no longer have to spend long hours waiting! The CA-2271 is capable of charging at 3A, and supports multiple fast charging protocols, including QC4.0, SCP and AFC. As a result, you can charge your Samsung S21+ smartphone to 100% in just 1.5h!

Durable construction

For the construction of the cable, high-quality materials were used, which are characterized by above-average durability and resistance to wear and tear. The nylon braid effectively protects against mechanical damage, and the reinforced end of the cable prevents breakage. You also do not have to worry about overheating your device - an advanced system reliably protects your smartphone from damage.
