

Earbuds TWS Mcdodo HP-8030 (White)

Earbuds TWS Mcdodo HP-8030 (White)

Ref: 6921002680301

Mcdodo TWS Earbuds HP-8030 (White) in-ear headphones.

Enjoy fantastic sound quality and unparalleled comfort with Mcdodo! The TWS Earbuds HP-8030 headphones feature an extremely lightweight and ergonomic design that allows you to listen to music comfortably without discomfort. Bluetooth 5.0 technology ensures a stable connection without interference, and the 13-millimeter drivers will deliver stunning sound quality, allowing you to discover new dimensions of music. With intuitive touchpads, you have full control over your music, and built-in microphones allow you to talk in almost any conditions.

The comfort of your dreams

Now you can listen to music for as long as you want without worrying about discomfort! Thanks to their extremely lightweight design - they weigh just 4 g, you won't even feel that you have them in your ears. What's more, the headphones are distinguished by IP54 water resistance, so you can use them in almost any conditions. The HP-8030 also features intuitive touchpads for easy operation.

Up to 25 hours of operation

Worried that the headphones will discharge too quickly and prevent you from playing music while working out or riding the bus? Don't be! The headphones can last up to 5 hours on a single charge, and with the included case you can extend this time to as much as 25 hours. So you can use Earbuds HP-8032 even all day without any problems! Charging the earbuds will not take you long. After about 1.5

hours they will be ready for use again.

Bluetooth technology

Forget about eternally tangled cables and enjoy unlimited freedom with Bluetooth technology! Bluetooth 5.0 provides fast, stable signal transmission with a range of up to 10 meters. Forget about delays and interference! Pairing the headphones will be no challenge for you. Just connect them once to the device of your choice, and they will automatically connect every time you take them out of the case!

Let yourself be amazed by the sound quality

Your favorite songs have never sounded better. Large 13-millimeter drivers provide excellent HiFi sound quality. The faithfully reproduced and perfectly balanced sound, combined with the richness of details, will allow you to fully immerse yourself in the sounds of your favorite songs.
