

Cable USB-C Mcdodo CA-3150, 6A, 1.8m (orange)

Ref: 6921002620932

Cable USB-C Mcdodo CA-3150, 6A, 1.8m (orange)

Mcdodo USB-C Cable CA-2093, 6A, 1.8m (orange)

The Mcdodo cable uses 100W power to quickly renew your device's energy. It is equipped with a dual chip that affects charging speed and protects your equipment from overheating. It also allows you to transfer data at 480 Mbps. What's more, the gold-plated plug is durable and resistant to oxidation, and the transparent finish gives the product a unique touch.

Fast charging, data transfer

You no longer have to wait indefinitely for your device to charge. The cable supports QC4.0/3.0/2.0, SCP fast charging protocols, which means you can fully renew the Honor 70 Pro Max's energy in about 30 minutes or charge the Huawei Mate 40 Pro up to 86%. Besides, you can use it to transfer files at 480 Mbps.

Safe charging

Don't be afraid of damaging your device when using the CA-2093. The use of Mcdodo's proprietary MSC technology and dual chip allows you to control the charging temperature and speed, making it completely safe to use.

Thoughtful design

Another advantage of the product is its robust design. The cable has passed a number of tests and is resistant to wear, cracking and

oxidation. Moreover, the transparent finish gives the product an original touch. In addition, CA-2093 works with devices from brands such as Huawei, Honor and Xiaomi.
