## Smart light switch Gosund SW9 Tuya

Ref: 6972391281471

Smart light switch Gosund SW9 Tuya

High compatibility
The Gosund SW9 light switch allows users to voice-control the lights in their home by working with Google Assistant and Amazon Alexa. It offers full freedom of light control without the need to manually activate the lights with a switch or use an app.

Timer/scheduling function
A special app provides even more possibilities with 2.4Ghz transmission. You can, for example, schedule the activation of a selected device at a specific time, so you can enjoy complete control over the lighting in your home without unnecessary extra steps.

Voice operation
You no longer have to get up from your couch or chair to turn the lights on or off. By integrating the switch with Google Assistant or Amazon Alexa, you will gain the ability to control your devices even more conveniently. With a simple voice command, you can enjoy exactly the lighting you want!

Modern and minimalist design
The Double Light Switch is distinguished not only by its functionality and convenience of use, but also by its modern and minimalist design. Its classic white color and simple shape make it fit perfectly into almost any arrangement. The elegant design of this advanced

device will undoubtedly delight you.

Control, wherever you are
The app also allows you to remotely control the device from anywhere. Such a solution not only gives the user extraordinary freedom to control the lighting in your home, but is also extremely practical. Nothing will limit you anymore - you can easily adjust the operation of your lamps wherever you are.
