Indoor Wi-Fi Camera IMOU Cue 2E-D 1080p

Ref: 6971927235360

Indoor Wi-Fi Camera IMOU Cue 2E-D 1080p

The IMOU Cue indoor camera allows you to record in 1080 Full HD and provides a wide viewing angle of up to 108°. It supports two-way audio so you can make calls. What's more, it detects people in real time and immediately sends a notification to your phone - so you don't have to worry about a false alarm.

Detecting people and disturbing sounds

The camera detects moving people, thanks to advanced image processing technology, and sends a notification to the phone. The IMOU Cue 2E-D will also inform you of unusual sounds, such as a baby crying or a dog barking. When an intruder is detected, an alarm will automatically sound to effectively get rid of unwanted visitors.

Two-way audio

Do you want to scare off a burglar, or perhaps calm a barking dog? The IMOU Cue 2E-D is equipped with a microphone and speaker and supports two-way audio, so you can carry on conversations even if you're away from home. The microphone accurately records your voice and suppresses echoes, so you can be sure the other person will hear you.

24/7 protection for your home

Protect your home from uninvited guests all the time. The camera automatically switches to night mode after dark, and built-in infrared LEDs allow you to capture a bright and clear image.

2 forms of recording

The camera is equipped with a slot for a micro SD card with a capacity of max. 256 GB, which will allow you to save recordings securely. You can also store your recordings in the IMOU cloud, so that the footage will be saved even if the camera is damaged or stolen. What's more, it allows for convenient software updates.

Included

- camera
- user manual
- power adapter
- power cable
- set of screws
- mounting bracket
- installation template
- double-sided adhesive pad

Manufacturer

IMOU

Model

Cue 2E-D

Matrix

1/2.9" 2 Megapixel Progressive CMOS

Resolution

2 Mpx (1920x1080)

Detection range at night

10 m

Fixed lens

3.6 mm

Viewing angle

89°(W), 46°(S), 108°(G)

Connection

Wi-Fi IEEE802.11b/g/n, built-in dual antenna

Application

IMOU

Compatibility

Android, iOS

Video compression

H.264

Interface

Micro SD card slot (up to 256 GB)

Power supply

DC 12V/1A

Power consumption

3.6 W

Material

plastic, metal

Working temperature

-10°C ~ +45°C

Working humidity

less than 95% RH

Dimensions

68 x 33 x 106.6 mm

Weight

90.5 g

Price:

€ 29.00
