USB-C to lightning cable Budi 20W 1.5m (black)
Ref: 6971536926093

USB-C to lightning cable Budi 20W 1.5m (black)

Budi 20W USB-C to lightning cable, 1.5m (black)
The Budi 217TL cable is the perfect combination of functionality, durability and modern design. Dedicated to devices with Lightning input, it offers fast charging and data synchronization. The transparent casing shows the high-quality chip, which proves the guarantee of reliability.

Fast charging and data transfer
The Budi 217TL cable features an innovative design and high quality workmanship. It has a built-in electronic chip and a bright LED indicator, making it easy to find your phone, even in the dark. The cable supports fast charging, allowing you to charge your iPhone 13 from 0% to 60% in just 30 minutes, working with a USB-C charger. In addition, the cable supports a maximum output power of 20W and a data throughput of 480 Mbps in both directions, which translates into fast and convenient charging and data transfer.

Thoughtful design
The Budi cable impresses not only with its functionality, but also with its durability. Made of aluminum and nylon material, it ensures durability and long life, while increasing resistance to damage. In addition, the cable has a transparent housing that shows off the entire structure and circuitry. It is an excellent choice for those who are looking for a durable and economical USB-C to Lightning cable.
