

Dual USB charger with timer Budi 301TE, 5V=2,4A, 32 W

Ref: 6971536923672

Dual USB charger with timer Budi 301TE, 5V=2,4A, 32 W

Budi USB dual charger with timer

The Budi 301TE charger is a unique device that combines advanced PD and QC 3.0 charging technologies to provide fast and safe charging for your devices. With a rotating plug, four ports and a total power of 32 watts, it allows you to charge up to four devices simultaneously. The 301TE is an excellent choice for those who appreciate top quality and functionality.

Multiple charging options

The device has 4 types of ports: PD, QC 3.0 and standard 2 USB ports. The PD port offers current values of 5V=2.4A; 9V=2.22A; 12V=1.67A, while the QC 3.0 port allows charging with current values of 5V=2.4A; 9V=2A; 12V=1.5A. In addition, the standard USB ports support a current of 5V=2.4A. This allows you to charge several different devices at the same time, saving time and space.

Additional capabilities

An additional feature of the device is the smart timer - the user can set how many hours the charger should run for, ensuring greater safety and saving energy.
