Wireless charger, Budi 12in1 12W

Looking for a wireless charger that offers much more than just charging? The Budi 519W will be perfect for you! With it, you can not only wirelessly charge your devices, but also touch up your make-up or store your TF and SIM cards. It has also been equipped with several adapters to increase your convenience.

Multifunctional charger

The Budi charger stands out for its multifunctionality. It is equipped with a mirror and can also be converted into a phone holder. Inside it you will find additional spaces for TF cards and SIM cards. What's more, you'll also find a USB-C cable and additional adapters such as USB-C to Lightning, USB-C to Micro USB, USB-C to USB-A, so the whole set will work for a variety of devices.
