

## USB-C to HDMI cable Choetech XCH-0030, 3m (black)

Ref: 6971824973044

USB-C to HDMI cable Choetech XCH-0030, 3m (black)

Choetech XCH-0030 USB-C to HDMI cable, 3m (black)

With Choetech, the image on your TV or monitor becomes compellingly clear, thanks to 4K Ultra HD@60Hz quality. The HDMI cable works with a wide range of devices, and thanks to the plug&play system, it allows you to connect instantly and easily, without fiddling with installing software and drivers.

Cinema in your home

The CH0019 opens the door to a world of fantastic 4K Ultra HD quality. It makes the picture look crystal clear and full of amazing details. Prepare some popcorn, sit back and enjoy a cinematic experience without leaving your home while watching movies on the big screen!

Multifunctional

The cable will find use for many scenarios. You can use it in Mirror mode, using it to watch videos and photos on the big screen, or use it in Extend mode, which will allow you to expand your home screen and enjoy a more comfortable and functional workstation. Whichever mode you choose, you'll be pleased with the perfect synchronization of sound and picture.

Compatible with a wide range of devices

Thanks to the versatility it offers, the cable fits most devices with a USB-C port, including Thunderbolt 3. Whether you're using a

smartphone from Samsung, for example, a MacBook or another laptop, the XCH-0030 is always ready for action. Connect it to your TV, monitor or projector and bring your media to the big screen. The world of entertainment in the highest quality stands before you!

#### Reliable and durable

Choetech CH0019 is a cable you can rely on. It was designed for long-term use. The 24K gold-plated connector provides excellent conductivity, which translates into stable video and audio transmission.
