Headlamp Superfire HL52, 200lm, USB

Ref: 6956362931428

SupFire HL52 headlamp

Supfire HL52 headlamp is distinguished by a large reflector, which provides high intensity light and a range of up to 350m. USB rechargeable battery provides up to 7 hours of operation. Adjustable lamp angle and 3 light modes give you the freedom of use you dream of. The flexible headband offers unparalleled comfort, and the IP42 protection rating allows you to use the flashlight in almost any condition.

Optimal illumination in many different situations

The large reflector with a diameter of 84mm provides perfect illumination with up to 200lm. It allows the flashlight to shine at a distance of up to 350m. The HL52 is therefore ideal for many scenarios. You can use it to light your way during a night hike, on a camping trip or even to repair a car on the side of the road after dark.

Impressively long runtime

The built-in rechargeable battery with a capacity of 2400mAh can be conveniently charged via USB. It provides approximately 7 hours of flashlight runtime. Using the HL52 is made easier by a special indicator light that glows red when the device is charging, and blue when the battery is already charged. This way, you always know what's going on with your flashlight!

Choose from 3 available light modes

The flashlight can light up in 3 ways - strong light, low light, and strobe. So you have the ability to adjust its operation to your current expectations and situation. The Supfire HL52 will always perfectly light up the darkness and be exactly the light source you need.

Adjust the direction of the light to your needs

You can adjust the tilt of the spotlight from 0-90°. Use this possibility to direct the light beam exactly where you want it. No longer do you have to limit yourself to one predetermined flashlight setting - with the Supfire HL52, you can easily adjust it to your expectations.

Water won't damage it

The device is also IP42 rated. This means that you can use it without worrying about changing weather conditions or demanding terrain. The flashlight can not be harmed by rain or accidental splashing water from a waterfall. This durable device will never let you down!

Comfortable to use

The Supfire HL52 is also extremely comfortable to use. The flashlight only weighs 178g, so you can keep it on your head for hours without it becoming too much of a burden. In addition, the elastic band is pleasant to the touch and skin-friendly, so the device guarantees you unparalleled comfort.
