Car holder Dudao F2C for the air vent (black)

Ref: 6973687242541

Car holder Dudao F2C for the air vent (black)

Use your navigation freely and have your phone within reach while traveling. The Dudao F2C car mount is designed for smartphones with a width of 55-90 mm and is very convenient to use. Thanks to its well-thought-out design, it guarantees unparalleled stability - don't worry about your device falling out of it! You can also rotate it 360° to position your smartphone horizontally or vertically. What's more, rubber overlays protect the air vents from scratches, and a special cutout allows you to seamlessly connect the charger cable and charge your phone while driving.
