

Car holder Dudao F5s for the air vent (black)

Car holder Dudao F5s for the air vent (black)

Ref: 6970379615775

Dudao F5s car phone holder for the grille (black)

The car phone holder is an essential accessory that should be included in your car's equipment. You can easily mount it on the air vents, and its triangular design guarantees reliable stability. The holder's jaws automatically adjust to the width of your smartphone. Thanks to a special cutout, you can easily connect your phone to charge it without having to remove it from the holder.
