Wireless earphones TWS EarFun Air Pro 3, ANC (white)

TWS EarFun Air Pro 3 headphones, ANC (white)

Rediscover your favorite songs with the TWS EarFun Air Pro 3. The headphones support the Qualcomm aptx Adaptive codec and feature 11-millimeter titanium drivers that are responsible for fantastic sound quality. They use ANC Quiet Smart 2.0 technology and cVc 8.0 noise cancellation system, so you can listen to music and talk on the phone even in noisy places. They also have built-in microphones, and Bluetooth 5.3 ensures reliable and lightning-fast signal transmission. The ergonomic design of the headphones guarantees dreamlike comfort, and they are easy to use with touch panels.

Hear every detail

Fall in love with music all over again with the Air Pro 3. The headphones feature 11mm titanium drivers that deliver high quality sound. So you can enjoy crystal clear and richly detailed sound, as well as powerful and deep bass. Now you'll feel like you're at a concert anywhere!

Immerse yourself in the music

Forget about annoying noise and increase your enjoyment of music! The Air Pro 3 uses Quiet Smart 2.0 hybrid ANC noise cancellation, which reliably mutes outside sounds up to 43 dB. So you can listen to your favorite playlist uninterrupted, no matter where you are - now nothing will disturb you!

Made for conversations

Now you can talk on the phone even in extremely noisy places! Each handset has up to 3 built-in microphones that will easily record your every word. They also support the advanced cVc 8.0 noise cancellation system, which filters out all unwanted background noise. You can be sure that your interlocutors will hear everything you have to say to them.

Reliable connection

Say goodbye to interference and enjoy a stable wireless connection. Air Pro 3 uses innovative Bluetooth 5.3 technology, which provides a fast and stable connection to the device of your choice, with lower power consumption. What's more, you can connect it to up to 2 devices at the same time.

Up to 45 hours of operation

Listen to music without limits. The built-in rechargeable battery can provide up to 9 hours of uninterrupted operation. What's more, you can extend this time by up to 36 hours with the help of the case included in the package. It also supports fast charging, so you only need about 10 minutes to play music for another 90 minutes. You'll charge the charging case both with a USB-C cable (included) and wirelessly.

With convenience in mind

EarFun designed the headphones to provide users with maximum comfort. The Air Pro 3 fits perfectly to the shape of your ear and doesn't cause discomfort even when listening to music for hours. You'll also find 4 pairs of interchangeable ear pads in different sizes, making them even more customizable. They're also IPX5 waterproof, so they won't be intimidated by raindrops or sweat, and the built-in touch panels are responsible for convenient operation.

Dedicated app

Do you want to gain additional capabilities? Or do you care about personalizing your headphones? Install the dedicated EarFun Audio app - you can find it in both the Google Play store and the App Store. It will give you access to the EQ settings, check the battery level, and you can also change the functions of the touch panels.
