Waterproof case Sunnylife GoPro Hero 12 / 11 / 10 / 9 (GO-FS563)

Want to protect your GoPro camera from damage? The Sunnylife aluminum case is sure to meet your expectations! Made of aluminum alloy and tempered glass, the case is characterized by high durability. Thanks to its IPX8 water resistance, you will successfully capture the underwater world in your photos. It also offers several types of mounts that will allow you to mount a variety of accessories.

Maximum protection for your camera

High-hardness aluminum alloy is used for the housing, which reliably protects the camera from dust, scratches and impacts. It also allows efficient heat dissipation, effectively preventing the device from overheating. It is a perfect fit for the GoPro Hero 12 / 11 / 10 / 9 sports camera, providing even better protection.

Fantastic underwater shots

Ready for underwater adventures? The Sunnylife housing will allow you to capture breathtaking shots underwater - just place your camera in it to record the underwater world at depths of up to 40 meters! To protect the lens, high-quality tempered glass is used, which is distinguished by a hardness of 9H. Explore colorful coral reefs without any restrictions

Additional capabilities

The housing is equipped with 2 cold-foot mounts, as well as a ¼ inch hole, so you can successfully mount a variety of accessories on it. You can easily install additional lighting, microphone, tripod or selfie stick - your possibilities are almost endless! Now you can create professional recordings and share your adventures with others.
