

Freewell Glow Mist 1/4 Filter for DJI Mavic 3 Pro

Freewell Glow Mist 1/4 Filter for DJI Mavic 3 Pro

Ref: 6972971862205

GMIST 1/4 Freewell filter for DJI Mavic 3 Pro

The Glow Mist 1/4 filter allows you to create a fuzzy, diffused glow around light sources. It is often used in fine art photography. By isolating the light sources and applying the appropriate blur, an aura is created that adds sparkle and subtle reflections. The effect can be customized by manipulating parameters such as blur intensity, radius and shape. Thanks to Freewell's proprietary Gimbal Safe technology, you can rest assured that the product won't adversely affect your drone's performance.
