Powerbank Baseus Star-Lord 20000mAh, 30W (white)

Charge your devices quickly and safely with the Baseus powerbank. Star-Lord supports PD 30W, so you'll renew your iPhone's power in no time. What's more, it offers multiple ports, allowing you to connect 3 devices simultaneously. It stands out with a capacity of 20,000 mAh and a range of safety features. You can also use it on board a plane. In addition, the LED display will provide you with information on the operating status of the device.

Fast, smart charging

The Baseus powerbank uses a voltage of 10V/2.25A, so you can charge an iPhone 14 up to 58%, a Samsung S23 up to 55% and a MacBook Air up to 40% in 30 minutes. It also offers 2 USB-A ports and a USB-C port, allowing you to charge up to 3 devices simultaneously. BPSII technology, on the other hand, distributes power among the connected equipment and matches the amperage and voltage for fast and safe charging.

20,000 mAh capacity

The Baseus Star-Lord will be perfect for everyday use. The powerbank is distinguished by its 20,000 mAh capacity, which will allow you to charge your equipment several times. Moreover, you will need about 6-7 hours to renew its energy. To do this, use the micro USB and USB-C ports.

Safety of use

Using the Baseus powerbank is completely safe. The product uses an NTC chip that monitors the temperature and prevents the device from overheating. Moreover, it is equipped with a number of safety features, including, overcharging, over-discharge, short circuit, electromagnetic field, overcurrent, etc. In addition, the product meets international safety standards, so you can take it with you on an airplane trip.

Tailored to your needs

The powerbank is equipped with an LED display, with which you can read the battery charge level - with just a glance. In addition, the product is compatible with SCP/FCP, PD, QC, AFC, etc. fast charging protocols. As a result, you will instantly renew the energy of devices from brands such as Apple, Huawei, Xiaomi and Samsung.
