

External enclosure for ORICO HDD SATA 2.5 ", 10Gbps, 4TB

Ref: 6954301179665

External enclosure for ORICO HDD SATA 2.5 ", 10Gbps, 4TB

Orico External HDD Enclosure

The device can be connected to a computer, laptop, TV and router, among others. The case is made of high quality transparent PC material and is designed in the shape of a cartridge. It comes with colorful stickers so you can personalize it and adjust its design to your liking. In addition, the product goes into hibernation after 10 minutes of non-use and its status is indicated by an LED backlight. The device is easy to install, just open the cover, place the drive and connect to your computer via USB cable. The enclosure supports up to 4TB SATA SSD/HDD.

Fast and stable transmission

The enclosure is equipped with a high-end SATA3.0 chip, which means that you can almost always count on a lightning-fast data transfer with a maximum speed of 5GB/s. With Orico you can forget about the annoying delays!

Wide compatibility

The enclosure is compatible with a wide range of devices. You can easily connect it to laptops, computers, routers and even PS4 consoles. It supports the most popular operating systems, such as Windows, Linux or Mac OS. Moreover, the Plug&Play technology makes the product configuration extremely easy - forget about installing additional drivers.
