

## Car charger JOYROOM JR-CL06 Multi-Port (black)

Car charger JOYROOM JR-CL06 Multi-Port (black)

Ref: 6941237165121

### JOYROOM JR-CL06 Multi-Port Car Charger (black)

The JOYROOM JR-CL06 is a car charger that will turn your car's cigarette lighter socket into a real power center. This versatile device offers 3 additional DC ports with a total power output of 80 watts, 3 USB ports with a total power output of 18 watts, as well as 2 USB ports and one USB-C fast charging port of 20 watts, so you can charge multiple devices at the same time without any trouble. The charger is equipped with a cable of convenient 1 meter length and a nylon strap that allows you to fix it in any position, and the required stability is guaranteed by non-slip pads placed on the sides. JOYROOM JR-CL06 is distinguished by its wide compatibility, robust design and a number of safety features to keep your devices completely safe!

### Extensive power system

The JOYROOM JR-CL06 charger offers a total power output of 154 watts! The 3 DC power ports are distinguished by their independent switch design, which means you can turn each of them on and off separately. There are fast charging ports at your disposal - 2 x USB QC 18W and 1 x USB-C PD 20W, as well as 3 USB ports with a total power of 18 watts. Impressive, right?

### Safety first

The JR-CL06 is compatible with PD 3.0, QC 3.0, AFC and FCP fast charging protocols, which means you will charge your devices safely and quickly. What's more, the use of smart chips means that the charger automatically recognizes the type of equipment connected and

distributes the current without damaging them. A practical display will provide you with real-time information about the voltage level. You can be sure that your devices are safe!

#### Thoughtful design

The product is made of fire-resistant PC, which means you don't have to worry about overheating. The 1-meter cable provides full freedom of use of the charger, and with the help of a nylon strap you will place it anywhere and in any position. The charger won't move, as it's prevented by non-slip pads - you don't have to worry about it falling while driving.

#### Wide compatibility

The charger can power multiple devices at the same time! It is compatible not only with a wide range of devices, but also with all kinds of vehicles! It will work great in both cars and trucks and will successfully power vacuum cleaners, pumps, car refrigerators, phones, consoles and much more. With Joyroom your possibilities are almost limitless!
