Insta360 Quick Release Mount

Don't waste a moment creating stunning footage! The Insta360 mount is an accessory that won't let you down when you need to mount your camera in no time. Equipped with a quick release button, it makes it easy to mount and swap devices, so you're ready to capture any moment in no time! The mount also guarantees the required stability and security for your cameras, thanks to its robust locking mechanism. Thanks to its thin design, the mount is invisible in 360 shots, giving you plenty of freedom to create exceptional footage, while the 1/4" screw mount and 2-pin connector guarantee flexibility in your choice of accessories!

Quick Release

One click! That's all it takes to quickly remove the camera from the Insta360 mount! This practical solution means you don't have to waste time replacing your gear or securing it securely. Just grab the camera, instantly place it in the mount and capture special moments!

Thoughtful design

The mount is designed to meet the expectations of even the most demanding creators! It is extremely lightweight (35g) and features a thin, minimalist design that makes it invisible during recordings - even 360 ones! Now you can create stunning shots without limits! What's more, the mount offers a 2-pin connector and 1/4" screw mount, guaranteeing wide compatibility with all kinds of equipment. It's

up to you to decide!
