

Mini Magnetic Wireless Quick Charger XO CX013 15W (black)

Mini Magnetic Wireless Quick Charger XO CX013 15W (black)

Ref: 6920680833573

XO CX013 wireless charger.

The XO CX013 is a disc-shaped wireless charger that supports high-speed inductive charging with a maximum power of 15W and a voltage of 9V. The use of aluminum and acrylic, as well as the arrangement of components in a geometric pattern, give the charger an interesting look that will appeal to fans of electronics. The charger is compatible with Qi protocol 5W/Apple, 7.5W/Samsung and 10W/15W maximum. It is a magnetic charger, so there is no worry about your phone slipping off. It has a USB-C type tip.

Compact dimensions

A feature of the charger is its compact size, which allows you to easily pack it for travel or in your purse. The exact dimensions are 56 x 6mm.

Interesting design

The shape of the disk and the arrangement of the components make this charger a great choice for lovers of electronics and raw design.

Voltage

The power and voltage supported by the charger are 15W/10W/7.5W/5W and 9V/2.22A, 5V/3A. Charge your devices quickly and efficiently.
