

Disk Wireless Quick Charger XO WX031 15W (black)

Disk Wireless Quick Charger XO WX031 15W (black)

Ref: 6920680832910

XO WX031 wireless charger.

XO WX031 is a 15W disc-shaped wireless charger. Its maximum output voltage is 9V, so you will be able to charge your device quickly. The use of transparent materials gives an interesting look and allows you to look at the internal layout of the device's components. The charger is suitable for smartphones with a size of 4.7-6.9 inches. Its small size of 100 x 10mm and weight of about 55g make it perfect for traveling as an almost unnoticeable, but very important device. The charger protects against overheating, over-voltage, short circuit. It is equipped with intelligent device identification.

Power charging and voltage

The XO WX031 charger supports a maximum charging power of 15W, and the output voltage is 9A, so you can charge your device quickly and efficiently.

Interesting design

The disk shape and the use of transparent plastic make this charger a great choice for lovers of electronics and raw design.

Versatile protection

XO WX031 is compatible with the Qi protocol. It features protection against overheating, over-voltage and short circuit. In addition, it has

an intelligent device identification function.
