

Mechanical gaming keyboard Motospeed CK61 RGB

Mechanical gaming keyboard Motospeed CK61 RGB

Ref: 6953460597105

Motospeed CK61 mechanical gaming keyboard

Get the edge over your opponents with this keyboard from Motospeed! The accessory supports anti-ghosting technology that prevents you from accidentally pressing unwanted keys. Equipped with blue switches, it is suitable for both work and gaming. It stands out for its long key life of up to 50 million clicks. In addition, the sealed design prevents water from entering and damaging the accessory, and 14 RGB backlight modes give the CK61 a gaming touch.

Sturdy construction

CK61 is a mechanical keyboard, which is distinguished by its durability. The device has 61 keys with a lifespan of up to 50 million clicks. In addition, its waterproof construction protects the CK61 from spills. So you can use it even during the most exciting games without worrying about damage.

Compatible

Worried that the keyboard will not be compatible with your computer? Don't be! The accessory is equipped with a USB 2.0 port, which allows you to connect it to PC with Windows XP/7/8/10 / Mac OS.

Gaming RGB backlighting

Complete your gaming zone with the Motospeed keyboard. The CK61 features RGB backlighting that gives it a stylish look. Moreover, you can choose between 14 backlight modes and personalize the look of the accessory.
