Tronsmart Nimo Bluetooth Wireless Speaker (gold)

Go on a musical journey with the compact Tronsmart Nimo wireless speaker! The device supports Bluetooth version 5.3, providing a reliable connection at a range of up to 15 meters. The SBC audio codec will make you enjoy excellent sound quality. The weight of the product does not exceed 110 g, so you can comfortably take it anywhere, enjoying the sound of your favorite songs at any time. Transport is further facilitated by a practical lanyard. One charge is enough to delight in music for up to 12 hours. In addition, the device allows you to freely make phone calls and connect 2 speakers in stereo mode. Thanks to its IPX7 water resistance, it is ready to work in any conditions!

Music that will fill the room

Experience music in a new way. The speaker is equipped with an advanced SBC audio codec and supports a wide frequency range from 100Hz to 18KHz, ensuring excellent sound reproduction in every detail. You'll experience rich bass, clear mids and crystal clear treble to enhance your favorite tunes. In addition, with Stereo Pairing, you can expand the sound space and enjoy an even more immersive music experience by combining 2 Nimo speakers.

Reliable Bluetooth 5.3 connection

The Tronsmart Nimo wireless speaker uses the latest Bluetooth 5.3 technology for a stable and fast connection. With a range of up to 15

meters in an open area, you can move freely around the room without losing sound quality. The A2DP/AVRCP/HFP/HSP Bluetooth profile provides versatile compatibility with a variety of devices such as smartphones, tablets and laptops.

Something more than music

With the practical buttons on the speaker's body, you can conveniently scroll through songs, answer, end or reject incoming calls, or activate the voice assistant. From now on, true convenience can be at your fingertips!

Up to 12 hours of operation

The powerful 700 mAh battery allows you to enjoy your favorite music for up to 12 hours (at 50% volume). So you can take the speaker on a weekend getaway, a picnic in the park or to the beach without worries. The time it takes to renew its energy is only 3 hours.

Attention to detail

Thanks to its metal craftsmanship, the Nimo speaker not only provides excellent sound quality, but is also durable and stylish. Its IPX7 rating allows you to take the device to the beach, pool or a trip on a rainy day without worrying about damaging it. In addition, its weight is only 110 grams - so you can always carry it with you, and the practical lanyard allows you to attach the device to your backpack or belt, ensuring safety and access to your favorite music at all times.
