Wireless Bluetooth Speaker Tronsmart Force X (black)

Ref: 6970232014424

Tronsmart Force X Bluetooth Wireless Speaker (black)

Step into the world of sound and transform your musical experience forever with the Tronsmart Force X wireless speaker. Featuring dual drivers with passive heat sinks, it guarantees stunning stereo sound. It also offers a three-band EQ function, allowing you to customize the sound to your taste. By combining 2 speakers, you can create an audio system. The rugged design with IPX6 certification makes the device great for outdoor activities. In addition, it will also serve you as a powerbank, so you can quickly renew your smartphone's energy. One charge provides up to 13 hours of use, and Bluetooth 5.0 will let you enjoy a stable connection. With the help of practical buttons you will conveniently operate the device.

High quality sound

Thanks to its advanced 2.1 channel system with 4 drivers and 2 passive radiators, Tronsmart Force X offers sound of the highest quality. As a result, your music will become clearer and your sound richer. The device is designed to be able to accurately reproduce even subtle details. You'll experience an impressive spatial soundstage, while Boost SoundPulse Audio technology guarantees crystal clarity even at the highest volume levels. As a result, you'll discover entirely new aspects of music.

Various ways to connect

The Tronsmart Force X speaker uses Bluetooth version 5.0 technology, providing a seamless connection to your equipment. The

transmission range reaches 18 meters, so you can enjoy freedom of movement without losing sound quality. You can also connect it to a compatible device with the included AUX cable, use the Micro SD/TF card slot, or use a portable USB drive.

Convenience of use

On the device's control panel, you'll find practical buttons for convenient operation. Just press the appropriate button to turn on the device, change the song, adjust the EQ settings, activate the voice assistant or answer an incoming call. In addition, the True Wireless Stereo Pairing feature allows you to combine two Force X speakers into a powerful stereo system that will conquer any party and make no one want to leave.

Thoughtful design

The speaker's compact dimensions (260 x 86 x 106 mm) and practical strap allow for effortless portability. The black color scheme gives it a sleek and modern look that blends well with any environment. In addition, the Force X is IPX6 certified, which means it is waterproof. Take it with you on outdoor adventures or to the beach without worry - let your favorite soundtrack always accompany you!

Long runtime and powerbank function

Would you like to listen to music without interruption? Of course you would! Force X offers up to 13 hours of uninterrupted sound fun at 50% volume. The time it takes to recharge it is about 3-4 hours. What's more, if your smartphone comes close to draining during the event - no problem! The Tronsmart speaker is also a portable powerbank that will quickly renew the energy of your device.
