2-cup pour-over coffee maker Techwood (black)

Techwood 2-cup pour-over coffee maker (black)

Start your day with a cup of excellent coffee. The Techwood TCA-206 drip coffee maker is a must-have for coffee lovers! With a power of 420-500W, it ensures fast brewing, and thanks to the 0.6L capacity tank, you can prepare up to 2 cups at once. It's the perfect solution if you want to share coffee with your loved ones! The set also includes 2 ceramic mugs.

Practical Solutions for Your Convenience

Forget about buying disposable paper filters. The TCA-206 coffee maker comes with a reusable filter - once you've made coffee, simply wash it, and after drying, you can use it again. This will save you money! The device also has a special water level indicator, so you can check at any time if the water level is sufficient. Moreover, the built-in automatic shut-off mechanism will provide you with peace of mind and energy savings.

Morning with a Cup of Aromatic Coffee

The set includes two ceramic mugs that perfectly fit the coffee maker - you don't need additional cups. The device also stands out with its compact dimensions and stylish design, making it a perfect fit for your kitchen or office decor. The TCA-206 model is also very easy to clean - it won't take up too much of your time. Furthermore, the power of 420-500W ensures high performance and fast coffee brewing - you no longer have to wait too long to enjoy your favorite beverage!
