Filter PolarPro LiteChaser Pro Mist 3-5 iPhone 12

PolarPro LiteChaser Pro Mist 3-5 iPhone 12 filter.

The Polar Pro Mist 3-5 Diffusion VND filter from the Lite Chaser Pro series combines two filters - VND 3-5 Stop and Mist Diffusion. It will allow full control over light and add a creative, unique touch to your videos. Made of high-quality glass that surrounds an aluminum frame, it is ready for any photographic challenge. It's the perfect complement for iPhone 12 Pro owners - you can use it seamlessly with a telephoto and wide-angle lens.

Creativity without limits

With the Polar Pro Mist 3-5 Diffusion VND filter, your videos will take on a whole new dimension. By controlling the amount of light while adding a fine mist, you'll get a unique effect that will enhance any shot. Whether you're filming landscapes, portraits or action, this filter will allow you to express your creativity in a unique and inimitable way. Transform your videos and create unforgettable stories with the Polar Pro Mist 3-5 Diffusion VND filter!
