

Wireless headphones TWS ONIKUMA T35 Pink

Wireless headphones TWS ONIKUMA T35 Pink

Ref: 6972470562026

The ONIKUMA T35 Bluetooth In-Ear Headphones (pink).

The ONIKUMA T35 is a compact headphone with a designer case that comes to life with shimmering colors in RGB palettes. Using the delicate touch panels embedded on the surface of the device, you have full control over music playback - turn on, stop, skip between tracks, and even take or reject calls. The headphones' built-in microphone, enhanced with intelligent noise cancellation, provides exceptional clarity to your voice, ensuring that your caller hears you clearly. The excellent call quality is supported by a premium ceramic antenna, built into the structure of the headphones, which guarantees stable communication and smooth, comfortable use. It is also worth noting that the headphones' battery allows up to 5 hours of autonomous operation.

Ingenious design

ONIKUMA T35 headphones are distinguished by an original design, aimed at those who appreciate both aesthetics and excellent sound quality. The included charging case impresses with decorative details that resemble delicate cracks. When the cover is opened, the case emanates the colors of the RGB palette, giving even more fun to the headphones. The lighting effects not only play an aesthetic role, but also tell you the status of the device. While the headphones are charging, the case emits a green light that fades when the battery reaches full charge. When the case is charging, the gently pulsing LED resembles the rhythm of a heartbeat, creating an unusual visual effect. When the case reaches its maximum state of charge, the light shines full bright to indicate that it is ready for use.

Clear sound and seamless calls

Thanks to Bluetooth 5.1 technology and an advanced ceramic antenna, communication between the headphones and the paired device is extremely stable, ensuring smooth use without any interference. When you open the cover of the charging case, the left and right earphones automatically start up and connect, ready for action. The simple pairing procedure involves searching for the Model T36 headphones on your device and a single click. And thanks to the built-in microphone with intelligent noise cancellation, your conversations gain fluidity and clarity. The technological support eliminates sound interference, ensuring the clarity and distinctness of your voice.

Long-lasting Entertainment and Convenient Charging

Immerse yourself in games, listen to your favorite music and make calls for up to five hours! Thanks to the built-in rechargeable battery in the ONIKUMA T35 headphones, you can enjoy uninterrupted fun for a long time wherever you want. The battery performance allows you to use the device for five hours. On the other hand, the headphones' operating range of up to 10 meters gives you the freedom to move and choose your location when making phone calls or listening to music. You are free to walk around the room or leave the device out of arm's reach while continuing to converse or play your favorite tunes. It's unfettered convenience that adapts to your lifestyle. The headphones are equipped with a USB-C port, providing fast and convenient charging. The full charge time is up to 2 hours, so you can quickly get back to enjoying your favorite sounds and features.

Ergonomic Convenience

The ONIKUMA T35 headphones are distinguished by their minimalist and aesthetically pleasing design, and ergonomically tailored shape for maximum comfort. The high-quality materials used guarantee not only durability, but also ease of cleaning. The headphones retain their elegance and neat appearance over a long period of use, resulting in a combination of aesthetics and practicality.
