Wireless headphones TWS ONIKUMA T308 Black

Ref: 6972470562767

### TWS ONIKUMA T308 Headphones Black

The TWS ONIKUMA T308 headphones are a great choice for those who appreciate a unique design and a long runtime. They feature a geometric design enhanced with green accents to add even more character. The T308 can be used for up to 6 hours, and with the charging case, which has a power reserve for 3 charges, this time can be extended up to 15 hours! What's more, the headphones feature a dual microphone with DNS noise cancellation and a multi-function button for versatile control.

### Great sound

Equipped with a 10mm moving dynamic voice coil, the T308 headphones offer excellent sound that will allow you to enjoy music or hear characters in a movie or TV series clearly. Plus, with a latency of only 40ms, you can be sure to hear any game sounds in time and not be approached by surprise.

### Run time

ONIKUMA T308 headphones are great for long use - they can be used for up to 6 hours on a single charge. The included charging case has an energy reserve of 3 charges, so it can be used for up to 15 hours! The charging time of the case is only 1.5h.

### Clear conversations

The microphone built into the T308 headphones has a DNS noise cancellation function, so you can rest assured about the quality of your conversations. The people you are talking to will hear you clearly.

The most important functions always at hand

A multi-function button is another of the T308's advantages. With it you can turn the headphones on and off, pause and resume playback, adjust the volume, skip between songs, answer calls and hang up, and more! Experience all the features of the ONIKUMA T208 headphones!
