Tessan Wall Socket TS-323 GRA

The Tessan TS-323-GRA wall outlet is perfect for home and office use. It offers 3 grounded AC outlets and 3 USB-A ports, allowing you to connect up to 6 devices simultaneously. With up to 3,600 W of power and a load of up to 16 A, it will easily handle most popular appliances. The product also ensures safe use and is very convenient to use.

Connect 6 devices at the same time

The product is equipped with 3 AC outlets and 3 USB-A ports, so you can plug in up to 6 devices at the same time. You no longer need to occupy more outlets in your home! This will save space and make it easier for you to organize your space accordingly. What's more, the distance between the outlets of the TS-323-GRA model is 14 mm, which allows you to freely use even several larger plugs or chargers at the same time.

Wide compatibility

The power rating of the outlet reaches 3,600 W, and its maximum load is 16 A. This makes the product ideal for powering all sorts of devices - from TVs and computers to hair dryers and toasters. In addition, the product's USB-A ports offer smart charging technology and an output current of up to 2.4 A. So with their help you can charge your phone, tablet or portable game console in no time.

#### Safe use

Don't worry about the safety of your outlet or the devices connected to it. The TS-323 is protected against short circuit, overheating, overcharging and overcurrent. What's more, it uses flame-retardant plastic with a protection level of 94V0, which translates into its durability and resistance to high temperatures.
