

Landing pad for drones Sunnyslife 60cm hexagon - Double Sided

Ref: 5904647813700

Landing pad for drones Sunnyslife 60cm hexagon - Double Sided (TJP09)

Mat/ Sunnyslife drone landing pad 60 cm hexagon, double-sided and waterproof (TJP09)

Provide your drone with a safe landing. Sunnyslife's double-sided landing pad is made of PU leather and silicone - as a result, it is durable, as well as water and wind resistant. It will work well with such drones as the DJI Avata, Mini 3 Pro, Mavic 3, Mini SE, Air 2S, DJI FPV, Mini 2, Royal 2, Rolay Mini, Royal Air 2, Royal Pro, Phantom 4 Pro, FIMI X8SE 2022, as well as those from the Daotong EVO series. The included carrying case makes storage easy.

Durable design

Four pegs guarantee reliable stabilization and keep the mat in its designated place. This means you don't have to worry about wind, which can occur in open spaces, on the beach or on grassy areas. The hexagonal design of the landing mat is perfectly distinguished by its high resistance.

Convenience of use

When folded, the landing pad is about the size of a tablet (28 x 20.5 cm), and when unfolded it offers 60 x 55 cm of space. The reliable construction of waterproof PU plastic allows for hassle-free cleaning of the landing pad even during wild adventures. The product's distinctive colors won't fade, and the careful finishing of the stitching and binding is the result of solid and precise craftsmanship." In addition to the mat, the set comes with a special case in which you will store it, ensuring safe transportation. In addition, you will find 4

stabilizing pins in the package.

In the set:

Landing pad x1

Case x1

Stabilizing peg x4
