

## Car Sun Visor Mount Sunnlyife for Action Camera (ZJ585)

Car Sun Visor Mount Sunnlyife for Action Camera (ZJ585)

Ref: 5905316147690

Sunnlyife car mount for sports cameras for sun visor mounting (ZJ585)

The Sunnlyife car mount is designed for GoPro, Insta360 GO, Insta360 ONE R, Insta360 ONE X and Osmo Action series sports cameras. The 1/4" universal adapter allows you to mount your device directly. In combination with the Sunnlyife ZJ069 clamp, the accessory can also act as a car phone mount. Thanks to its well-thought-out design, the installation and removal of the camera is smooth and trouble-free.

### Adjustability

Thanks to the adjustability, you will freely adjust the position of the camera within 360°. The mechanism also allows you to rotate vertically by 180°. As a result, you can easily get your dream angle and capture special moments while driving.

### Wide compatibility

The Sunnlyife mount features wide compatibility and will work perfectly with cameras from the GoPro series, Insta360 GO, Insta360 ONE R, Insta360 ONE X or Osmo Action. You'll find an adapter included that allows you to directly mount devices with 1/4" threads, such as the Insta360 X2/X3.

### A range of possibilities

When you combine the accessory with the Sunnyslife ZJ069 clamp, you gain the ability to use it as a car mount for your phone. The compact design of the product does not block the field of view, which contributes to safety while driving. Anti-slip finishes guarantee stability, and a protective element prevents scratching the sun visor.
