

Projector BlitzWolf BW-V6 1080p, Wi-Fi

Projector BlitzWolf BW-V6 1080p, Wi-Fi

Ref: 5905316147355

Blitzwolf BW-V6 1080p projector

Watch your favorite movies and series on a bigger screen in great quality. The BlitzWolf BW-V6 projector delivers high resolution and rich color, as certified by Netflix. In addition, it offers 200 pre-installed apps, so you can enjoy a wide selection of movies, TV shows, games, music, etc. What's more, the device connects to 2 different networks at the same time and provides a fast connection with no lag. In addition, you will find the necessary cabling and remote control included.

Stunning picture and sound quality

Feel like the hero of your favorite title! The projector provides 1080P high-definition images and a brightness of 450 lumens. What's more, HDR 10 support ensures perfect contrast regardless of lighting conditions. All this translates into a crystal-clear image and vivid colors. In addition, the built-in 5W speaker guarantees richly detailed Dolby Audio sound.

Netflix certified

The projector is Netflix certified, allowing you to watch your favorite movies and TV shows in high definition. You can conveniently connect to your Netflix account and stream content directly from the projector, without any additional devices or cables. Enjoy the convenience with the Blitzwolf BW-V6!

Great entertainment

The projector offers a wide selection of entertainment platforms, so there is something for everyone. The device provides more than 200 pre-installed applications that allow you to watch movies and TV series, listen to music, play games, etc. Now you can enjoy all these options in the comfort of your home.

Reliable connection

Are you watching an episode of your favorite TV series, but the video stutters every now and then? BW-V6 will prevent this from happening! The product connects to 2 WiFi networks simultaneously and provides a stable Internet connection. It offers smooth transmission of content, without buffering or unnecessary delays. With Blitzwolf BW-V6 you will forget about connection problems!

User-friendly

Operating the projector will not cause you any problems. The interface of the device is simple and intuitive, so you can easily customize its operation to your needs. You can also use the remote control (included) for added convenience. The projector also offers an automatic keystone correction function, which means the image is automatically adjusted to the correct angle for the best possible viewing experience.

Several connectivity options

The Blitzwolf BW-V6 projector is equipped with ports such as HDMI, x2 USB, AV and audio, so you can connect all sorts of devices to it. In addition, cables such as HDMI, AV and power are included, making it easy to connect the right equipment to the projector.
