Monitor Light Bar Blitzwolf BW-CML2 Pro, RGB

Monitor Light Bar Blitzwolf BW-CML2 Pro, RGB

Ref: 5905316147720

BlitzMax BM-CS1 RGB monitor lamp

Make it easy to work in front of your computer and immerse yourself even more in the world of gaming. The BlitzMax monitor lamp perfectly illuminates your desk with its asymmetrical design without causing glare. It offers white and RGB light, and allows you to adjust the brightness in 5 levels and customize its position. You can also synchronize its operation with music. The light generated by the lamp does not irritate your eyes, and a smart chip allows you to remember the last used mode.

Ideal for work and gaming

The lamp will work well for both working and playing games. The RGB mode offers 9 lighting effects and 3 effects that will adjust the lamp's operation to the music. This will make you even more immersed in the game. If you use your computer while working or studying, take advantage of the white LED light. You can adjust its color temperature from 3000K-6000K and brightness at 5 levels (10%, 25%, 50%, 75%, 100%). The light generated by BM-CS1 effectively reduces glare and does not cause eye fatigue.

Carefully considered design

The lamp was designed to make its use convenient. Thanks to the adjustable bracket, you will successfully mount it on a monitor of different thickness. You can also adjust the angle of the light so that the lamp best illuminates your desk space. In addition, the touch panel located on the BM-CS1 allows you to adjust the operation of the device to your needs - conveniently adjust the brightness, change
