Desktop arm stand Puluz with 20cm LED Vlogging Ring PKT3089B

Ref: 5907489605274

Desktop arm stand Puluz with 20cm LED Vlogging Ring PKT3089B

Desk stand with LED lamp

You can mount the ring LED lamp on the holder and attach it to your desk with a clip. The head of the holder can be rotated 360° and adjusted according to your needs. The phone clip is compatible with phones from 6-8.5 cm wide. Thanks to its lightweight and portable design, the tripod is convenient to use and carry. Take it with you on your travels or for outdoor photo shoots, for example.

Perfect illumination

The lamp consists of energy-saving LED beads that dissipate heat perfectly and reflect natural colors perfectly. They also improve skin tones in portrait photographs. With 3 colors to choose from and adjustable light brightness, you won't need additional filters.

Wide range of applications

Use this light for outdoor photography. The lamp will also perfectly illuminate the room during the photo shoots, shooting advertising projects or recording vlogs related to fashion and makeup. Thanks to the USB port, you can charge the lamp and connect it to your laptop, PC or charger.

Adjustable stand

The tripod has a height and width adjustment function, making it even more comfortable to use. It is made of metal, so it is strong and

durable. Dual springs on each arm of the boom protect the lamp from falling. The flexible mounting bracket can be flexed and folded to make the viewing angle as good as possible. The base clamp is compatible with any countertop of varying thickness. This keeps your hands free and you are able to shoot videos with ease.
