

### Car Charger Choetech TC0006 1x USB-A, 1x USB-C 30W PD 3.0 (b

Ref: 6932112101846

Car Charger Choetech TC0006 1x USB-A, 1x USB-C 30W PD 3.0 (black)

Choetech TC0006 1x USB-A, 1x USB-C 30W PD 3.0 car charger (black).

Choetech TC0006 is a versatile car charger that instantly replenishes the power of your devices when you're on the road. With two ports - USB-A and USB-C - and a high power output of 30W, it is capable of quickly and efficiently powering almost any device. Supported technologies (PD 3.0 and QC 3.0), ensure that your devices will renew energy in the shortest possible time. And most importantly, with its versatile 12-24V DC input, the charger integrates perfectly into virtually any vehicle.

#### Speed and compatibility

Choetech TC0006 is a versatile car charger. With a USB-A output supporting a variety of modes from 4.5V/5A to 12V/2.5A and a USB-C port offering 5V/2.4A to 20V/1.5A, it allows you to safely charge a variety of devices, which is especially useful when traveling with family or friends when everyone is using different equipment. Now you can quickly charge your laptop or phone and other mobile device at the same time without worrying about running out of power. With Choetech TC0006, your devices will always be ready to go!
