Extension cable Choetech AC0003 USB-A 2m (black)

Extension cable Choetech AC0003 USB-A 2m (black)

The Choetech AC0003 USB-A to USB-C cable with a length of 2 meters is suitable for many applications. With it, you can conveniently transfer files between devices or charge your phone, for example. The product provides a current intensity of up to 2.4 A, ensuring impressive performance. The cable also supports the USB 2.0 standard, meaning it enables fast data transfer. It is also distinguished by its high durability, equipped with durable nickel-plated connectors and a PVC coating that protects it from damage.
