

## GaN Charger USB type-C LDNIO 65W black

GaN Charger USB type-C LDNIO 65W black

Ref: 6933138601075

GaN LDNIO 65W USB Type-C GaN mains charger black

Charge multiple devices simultaneously. The LDNIO Q366 offers 2 USB-C ports (65W) and a USB-A port (30W) and uses fast charging protocols. In addition, it is compatible with popular brands and supports a voltage range of 100-240V, allowing you to use your device abroad. In addition, a number of safety features and solid workmanship ensure safe charging. In addition, you will find a USB-C to USB-C charging cable and plugs in 3 types: EU / UK / UK.

### Fast charging

You no longer have to wait indefinitely for your devices to be ready to charge again. The charger offers 2 USB-C ports (65 W) and a USB-A port (30 W). What's more, it supports PPS/PD3.0/QC3.0/QC2.0/SCP/AFC fast charging protocols, so it will instantly renew the power of devices from brands like Xiaomi, Huawei, Apple, VIVO, OPPO, ONEPLUS, etc. (for more efficient operation of the device, it is recommended to use LDNIO LC101 cable - included). Moreover, it adjusts the charging intensity according to the connected device.

### Multi-level protection

The product allows you to not only quickly, but also safely renew the energy of your equipment. The charger offers protection against overcurrent, overvoltage, overcharging, overheating, short circuit, electromagnetic field, or under-voltage. Use LDNIO Q366 without worrying about damaging your equipment.

### Carefully considered design

The charger was designed with attention to detail. It was created from fire-resistant (up to 850°C) PC, so you can use it safely. What's more, pure copper plugs and a smart chip translate into a high-quality product. In turn, the use of Gallium Nitride (GaN) allowed to achieve a lower weight of the device, smaller dimensions and faster charging process.
