

PetWant F6 intelligent 6-chamber food dispenser

Intelligent 6-chamber food dispenser PetWant F6

Ref: 5907489606110

PetWant F6 6-chamber smart food dispenser

PetWant F6 is a smart dispenser with six chambers, so your dog or cat will always get its portion of food at the right time. Plan your meals using the intuitive panel and take care of your pet's balanced diet! The device can be powered in two ways - with a micro USB cable or using batteries.

Six planned meals - full control over feeding.

The dispenser is equipped with six separate chambers - the capacity of each chamber is 180 ml. This allows you to plan in advance as many as 6 meals for the day! The device automatically rotates at the set time, revealing the next portion of food for your pet. With Petwant, you are assured that your pet will always get its food on time - even when you are not at home!

Two power sources - reliability and flexibility

The PetWant F6 dispenser can be powered by a Micro USB cable or three Type C batteries, so you can be sure that the device will almost always work, regardless of the conditions. You will successfully use it both at home and while traveling!

Intuitive operation

The display with 24-hour format allows you to set precise feeding times, and the intuitive buttons make meal planning a breeze. So you

can customize the feeding schedule to suit your pet's needs!

For the sake of safety

The PetWant F6 dispenser is designed with your pet's safety in mind. The paw protection function automatically retracts the rotating feeder if it detects resistance, preventing accidental injury to your pet.

ABS material - durable and easy to clean

The F6 model is made of high-quality ABS plastic, which is not only durable, but also easy to clean. What's more, the dispenser is perfect for serving different types of food - both dry and semi-moist.
