Wireless mouse Havit MS76GT plus (grey)

The Havit MS76GT Plus wireless mouse is perfect for everyday use. It provides a stable connection of up to 10 meters, and thanks to plug&play you can easily prepare it for work. What's more, you can adjust its resolution up to 1600 DPI, and the universal design makes the mouse ideal for both right- and left-handed users.

Perfect for everyday use

The Havit MS76GT Plus works wirelessly and connects to a compatible device in the 2.4 GHz band. It provides a stable connection of up to 10 meters without interference. In addition, you will find a mini USB receiver included, which you will connect to your equipment. What's more, you can adjust its resolution: 1000-1200-1600 DPI, allowing you to tailor its performance to your needs. In addition, it is ergonomic and lightweight - storing and transporting the MS76GT Plus will not cause you any problems. In addition, the mouse works with Windows 2000/ME/XP/Vista/7/8/10/MAC/Linux. So you don't have to worry about compatibility problems.
