

## Toocki Charging Cable C-C, 140W (Pearl nickel)

Toocki Charging Cable C-C, 140W (Pearl nickel)

Ref: 6975600782325

Toocki USB-C to USB-C cable, 1m, 140W (pearl nickel)

From now on, you can quickly renew the power of your devices and transfer data. Toocki's USB-C/USB-C cable provides up to 140 watts of power and supports the PD3.1 fast charging protocol, guaranteeing high performance. It is made of high-quality materials, making it durable and completely safe for your equipment to use.

Lightning fast data transmission

Enjoy data transfer speeds of up to 480 Mbps. From now on, photos, videos, documents and other files will be on the device of your choice in no time, increasing the fluidity and efficiency of your work.

Fast charging

The Toocki cable uses up to 140 watts of power to instantly renew the energy of your devices. In addition, it supports the PD3.1 fast charging protocol, adapting to the dynamic charging needs of various USB-C interfaces.

High-quality materials

When designing the cable, the focus was on durability. It's made from high-quality materials that guarantee long-lasting durability. The solid construction also ensures that it can withstand daily use. You can be sure that the product will serve you for a long time.

### Protecting your devices

The smart chip ensures safe, stable and fast charging. It allows the cable to automatically adjust the optimal current and power to the connected device, preventing potential damage to the battery.

### Wide compatibility

Forget about limitations. The Toocki cable is compatible with laptops from Apple, Huawei, Xiomi, Dell, Lenovo and HP brands, Pad Pro 11 and Pad Pro 12.9 tablets, Huawei, Honor, Xiaomi and Samsung phones, as well as Nintendo Switch gaming consoles.
