Toocki Charging Cable USB to Lightning, 1m, 12W (Grey)

Enjoy fast and convenient charging for your iPhone. The Toocki USB-A to Lightning cable delivers a current of up to 2.4 A, allowing you to quickly charge your phone. It also enables file transfers at speeds of up to 480 Mbps – say goodbye to long waits. The product is also known for its high durability and resistance to damage.

Fast Charging

Need to charge your phone quickly because it's running low on battery? With the Toocki cable, you can charge it in no time! With a current of up to 2.4 A, the product delivers impressive performance. Additionally, the high-quality wire ensures stable and reliable transmission.

Compatibility

The cable is fully compatible with the iOS system – no more pop-ups or errors. You can easily charge various models of iPhones and iPads using it. You don't need to worry about the safety of your charging devices either.

Durable Construction

This practical cable can serve you well for a long time. The durable braided sleeve protects it from damage – no need to worry about it

breaking or tearing. Furthermore, the protective housings for the connectors are made of transparent TPE material – not only are they highly durable, but they also look great, giving the product an original character.
