

BOBOVR M2 Plus Head Strap Twin Battery for Oculus Quest 2

Ref: 6937267000266

BOBOVR M2 Plus Head Strap Twin Battery for Oculus Quest 2

BOBOVR M2 Plus Strap with Extra Batteries

BOBOVR M2 Plus Strap is the perfect solution for those who don't like to wait! Enjoy endless gameplay! The set includes not only a comfortable strap for VR goggles, but also 2 replaceable batteries designed for Quest 2 goggles with a dual charging station. You will never be surprised by low energy levels again! Just reach for the extra battery and get up to 3 times more time for virtual entertainment.

Carefully considered design

The BOBOVR M2 Plus strap was designed with your comfort in mind, so even prolonged use of the goggles will not cause uncomfortable pressure. The strap perfectly fits the shape of your head, and thanks to the extremely soft pads it adheres without causing discomfort. The battery weighs 140 g - perfectly balanced it gives you an even better feeling of balance while using the VR headset.

Safe and convenient charging

Both the charging base and the battery pack have been equipped with sturdy magnets, making charging with the cable seamless. So you can perform complex, dynamic movements without worrying that your power source will fall. Don't waste time waiting for your goggles to be ready for use again - just swap out the battery and get some extra gaming time! Thanks to the hot swap function, you can do this without having to turn off all your equipment.

Batteries always ready to go

In the set you will find a dual charging station. Equipped with sturdy magnets, it ensures that the charged batteries stay in place and charge without interference. It makes your VR headset ready for any situation - 2 fully charged additional batteries will allow you to extend your gaming time by up to 6-9 hours.
