Charging station + battery B2 BOBOVR

Want to extend your VR experience? With BoboVR it will be possible! You'll get a charging station and one B2 battery included, so you'll always have extra power on hand! What's more, thanks to their well-thought-out design, they won't take up much space on your desk, and they are very comfortable to use. See what BoboVR can offer you!

Thoughtful design

What sets BoboVR devices apart is their thoughtful design. The charging station is equipped with dual charging ports, so you can charge as many as 2 batteries at the same time, thus saving time. What's more, it features a thin and simple design that won't take up much space on your desk. In addition, the charging base uses strong magnets, so you can swap B2 batteries easily and quickly. All this makes using the BoboVR very pleasant.

Comfortable charging

The charging station allows you to charge as many as 2 B2 batteries at the same time, so you can save your time. You also won't have to wait too long for them to regain their energy, as they will regain their full energy in just 3 hours. You will be informed of their charge level by a special light indicator, so they will always be ready to go! You'll find 1 B2 battery included, so you can enjoy spare power for your VR gear right away!

Safety Guarantee

BoboVR is not only a functional device, it is also a safety guarantee. The charging station is equipped with a special chip that automatically controls the current and voltage during charging. Thus, you are guaranteed full protection, as well as battery charging efficiency. Extend your VR experience with BoboVR!
