## BOBOVR Head strap with adjustment for VR Pico4 + 2x Battery

Ref: 6937267000259

BOBOVR Head strap with adjustment for VR Pico4 + 2x Battery

BOBOVR 2x battery set + charging station for Pico4

Do you want to use your Pico4 for an unlimited amount of time? With BoboVR this will be possible! This set includes 2 rechargeable batteries and a charging station, so you will always have extra power on hand for your device. In addition, the well-thought-out design of BoboVR gadgets will make their use very comfortable, and the whole installation, very simple. Enjoy an uninterrupted VR experience with BoboVR!

Unlimited energy

Are you rolling a long game? Don't want to interrupt it because your device's energy is too low? With BoboVR you can play to your heart's content! You'll get 2 B2 rechargeable batteries in the box, which can provide a combined usage time of 4-4.5 hours. What's more, you'll also find a charging station in the box, so you can easily renew the energy in your batteries. When you use one, put the other one in the station - this will ensure that you always have extra power on hand for Pico4. In addition, you'll be informed of their state of charge by light indicators, so they're always ready to go. Extend your VR experience with BoboVR!

Comfort of use

BoboVR devices are designed with comfort in mind. In the kit you will find everything you need to mount the batteries on the Pico4. Don't be afraid of installation - you will do it in a few steps, as it is very simple. What's more, the box includes two types of pads, which will

make long gameplay not only very comfortable, but also tailored to your needs and expectations. Move into the world of VR with BoboVR!
