Wireless charger Budi 3 in 1 ,15W

Gain the ability to conveniently wirelessly charge up to 3 devices simultaneously. This is made possible by the Budi 3-in-1 inductive charger, which is compatible with iPhones, Apple Watches and AirPods. The device is distinguished by its high performance and foldable design, which makes it much easier to transport and store.

### Impressive performance

You no longer have to wait too long for your devices to be ready for use. The charger can charge iPhones with up to 15 W of power, and AirPods and Apple Watches with up to 2.5 W. This will charge them in a surprisingly short time! Use the USB-C PD cable included in the kit to power the product.

### Improved design

The charger features a foldable design - when folded, it is compact enough that its eventual transportation will not cause you any problem. You can easily fit it in your backpack or purse! What's more, the device automatically aligns the position of the iPhone 12 series (mini, Pro and Max) in such a way as to optimally fit into the charging field and ensure optimal performance.
