Budi universal car holder, swivel (black)

A car holder is an essential accessory for every driver! With it you can comfortably and safely operate navigation, answer calls or change songs while driving. With 360° rotation, you can position your smartphone both vertically and horizontally. You can easily operate it with just one hand, and its wide compatibility means you can use it with different smartphone models without worry. What's more, the rubber elements in the holder perfectly protect your phone from scratches.
