Etags Thermal Niimbot stickers T 14x40mm 160 pieces (Dots)

Stickers designed for the Niimbot H1S/D series thermal printer. Refined from every angle, they will allow you to express your creativity while organizing the space around you. Thanks to their high durability and exceptional resistance to moisture, oils and scratches, you can use them without fear to label anything that falls into your hands - from jars of preserves to your children's notebooks. There are 160 pieces in a roll.

Eco and safe for everyone

The Niimbot thermal paper used to produce these stickers is not only environmentally friendly, but also safe to use. Whether it's labeling food products or organizing your workspace, you'll always be sure that you're using a product that is not only efficient, but also non-threatening to the environment. As a result, your space will not only be tidy, but also healthy.
