

Magnetic Base Adapter PULUZ PU706B for Action Camera

Ref: 5905316147621

Magnetic Base Adapter PULUZ PU706B for Action Camera

The PULUZ PU706B magnetic adapter for sports cameras.

The PULUZ PU706B adapter is an extremely practical solution for sports cameras, featuring a joint that allows you to instantly transfer your camera between different mounts, such as selfie sticks, suction cups or wrist grips. This adapter is compatible with many models of sports cameras, such as the DJI Osmo Action 3, Osmo Action, various models of GoPro's Hero series, or Insta360's One series, but also many others.

Magnetic latch

It is worth noting the magnetic latch, which is an important feature of this accessory. Thanks to it, attaching and securing the camera becomes really easy and fast. Simply slide the locking slider and rotate the camera in the adapter to remove it. This makes it much easier to switch between different mounts, for example, between shooting handheld and using tripods.

Durable material

Constructed from heavy-duty ABS material, the design ensures durability and sturdiness, which is especially important during heavy use. The PU706B adapter was created so that you can freely pursue your projects without worrying about damaging the adapter.

Compatibility

Its compatibility is another advantage - a magnetic base with a $\frac{1}{4}$ tripod thread allows the adapter to attach seamlessly to a variety of accessories, such as tripods, clamp jaws, suction cups or selfie sticks. This means it fits most sports cameras, allowing you to record both sporting events and personal achievements.

Quick mounting

Quick and smooth change between different mounts is a feature that gives convenience in situations where events unfold dynamically. As a result, removing the camera and transferring it to another mount is easy and efficient.

Always with you

This solidly built design is perfect for extreme conditions and recording adventures. Whether you're engaging in extreme sports, participating in intense activities or on a trip with friends, the PU706B will ensure that you capture all the important moments. The adapter is also lightweight and compact (weighing only 34.3 grams), so you can easily carry it with you at all times.
