Ref: 6941237111456

Cable Star-Light USB C to Lightning SA27-CL3 / 100W / 1,2m (black)

Star-Light USB C to USB-C Joyroom SA27-CL3 / 30W / 1.2m cable (black)

Looking for a reliable charging cable that will help renew the power in your smartphone in no time? The Star-Light cable is sure to meet your expectations! With a charging power of 30W and an amperage of 3A, it will charge your device in a matter of moments. The sturdy construction means it will serve you brilliantly for a long time, and advanced safety features ensure safe use.

Durable and damage-resistant

The Joyroom cable will surprise you with its more than durable construction. The nylon braid makes the cable resistant to mechanical damage and wear - it will not be intimidated by repeated bending, flexing or pulling. It is equipped with a blue light indicator, which will help you locate the cable in the dark. What's more, the smart chip automatically adjusts the charging values to the connected device, ensuring maximum safety.
